TREASURES FROM OUR TRADITION

The Eucharistic Prayers at the heart of our liturgy have a long history, beginning with the extemporaneous prayers of the early Christians. The presiders gave thanks from their hearts, not from any prearranged text, over the gifts of bread and wine. When the assembly had the sense that enough was said, someone would call out "Amen!" and that was that. For the most part, the plan flowed directly from Jewish meal prayers, which always recalled God's mighty deeds. Some other markers and signposts were added almost everywhere fairly early, like the presider's call to attention: "Lift up your hearts!"

Scholars have provided us with translations of many early texts. These have actually helped us craft new liturgical prayers, because until the liturgical reforms of forty years ago, no one could recall any prayer but the Roman Canon, now called Eucharistic Prayer I. For hundreds of years in the West, it was our only Eucharistic Prayer, and it was only in Latin. But the history of our Eucharistic Prayers is amazingly fruitful, and models have come down to us that have yielded new insights and expressions.

Eucharistic Prayer II comes to us from St. Hippolytus in the III Century. Eucharistic Prayer IV is based on the ones attributed to St. Basil the Great and St. John Chrysostom; these date from the late IV Century and still are used in celebrating the Divine Liturgy by Orthodox and Eastern Catholic Christians.

The old custom of improvising texts according to a master plan has not endured, but we have now rediscovered a plan of standardizing the text while allowing for a great variety.
